5.1.2 Report with photographs on ICT/computing skills enhancement programs

A Brief Report on ICT/Computing skills enhancement programs

Technology is the application of scientific knowledge to the practical aims of human life. In course of evolution technology played a major role in human social development. Technology awareness programs are designed to keep individuals, organizations, and communities informed about the latest trends, developments, and innovations in the technology sector. Staying aware of technological advancements is crucial for adapting to changes, making informed decisions, and remaining competitive. This college took initiatives to aware its students as well as faculties with recent technological development.

In today's digital age, effective cyber security is crucial for businesses and individuals alike. It provides numerous advantages in protecting sensitive data, safeguarding business reputation, and securing intellectual property. One of the primary advantages of implementing robust cyber security measures is the protection of sensitive data.

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT).
