Objectives of the postgraduate academic programme in Political Science

The postgraduate academic programme in Political Science under the Choice Based Credit System intends, on the one hand, to inculcate in the students the analytical skills necessary to analyze the issues that permeate both the national and international domain by familiarizing them with contemporary political issues with an interdisciplinary focus including politico-strategic, socio-political, political-cultural, political economic and ecological dimensions along with the latest theoretical tools and, on the other, to equip them with relevant insights required for policy inputs, decision making and conflict resolution and for training them for future research and other developmental engagement for the communities.
