## Report on Hand in Hand We Grow Together: Promoting Inclusivity

### Introduction:

This report outlines the visit made by the students of **Jibantala F.P. School** to our college campus as part of promoting inclusivity. The purpose of the visit was to provide the students with an immersive experience of college life, expose them to Computer Lab, class rooms and inspire their educational aspirations.

### Objectives of the visit:

The objectives of the visit were as follows:

- Familiarize the students with the college campus environment.
- Introduce them to Computer Lab and various parts of it.
- Facilitate interactions with college faculty members.
- Provide insights into college-level education (very shortly).
- Encourage the students to develop a positive attitude towards higher education.

### Visit Details:

Date: 12<sup>th</sup> Dec 2022

Duration: 10.00 to 1 PM

Participants: Class IV Students (Both Boys and Girls)

### Itinerary:

The visit was designed to offer the students a comprehensive and engaging experience. The itinerary included the following activities:

- ❖ **College Tour:** The students were given a guided tour of the campus, covering key facilities such as college buildings, college office, TIC chamber, libraries, seminar Hall, Computer Lab, Union Room and common room. This allowed them to familiarize themselves with the physical layout of the college.
- ❖ **Meeting with faculty members:** The students visited to the faculty members of English, Education, History and Sanskrit departments. They had the opportunity to interact with professors. This exposure provided them with insights into the various academic

Ref. No. ....

Date: .....

- ❖ **Work in Computers:** Subhajit Saha, Assistant Professor in Education and Somenath Mondal, SACT in History assisted them to work in computer. Students learn to operate computers and gain a basic understanding of the names and functions of things outside of computers. They are then asked to enter their name, their parent's name and the school's name in the computer wards and they write them correctly. Since they had never used a computer before, it was a little difficult at first, but later they got better. Later on, the paint was opened on the computer and they drew different images of shapes and filled them with different colors and showed them to us. They were able to correctly say every shape name and every color name that they did on the computer paint.
- ❖ **Class room interaction:**  
First of all, they introduced themselves. At twelve o'clock they were taken to a room. There the college sir madams show some pictures on the blackboard and tell them to draw some pictures of your own on this board and they very happily go to the board and draw pictures to express their wishes. The program was brought to an auspicious end at 1 pm with some refreshments and a gift.

## Benefits and Outcomes:

The visit to our college campus resulted in several benefits and outcomes for the school students, including:

- ❖ **Exposure to College Life:** The visit provided the students with an authentic experience of college life, enabling them to envision themselves as future college students. This exposure encouraged them to set higher educational goals and strive for academic excellence.
- ❖ **Broadened Horizon:** Interacting with college faculty members exposed the school students to a diverse range of perspectives, ideas, and knowledge.
- ❖ **Motivation and Inspiration:** The visit motivated the students to work diligently in their current academic pursuits, knowing that higher education and exciting opportunities await them in the future.
