ADD - ON COURSE REPORT

2018-2023

ADD - ON COURSE / VALUE ADDED COURSE

Add-on Courses are short-term training programmes that are designed to supplement the core curriculum of a degree programme. This type of courses offer additional educational knowledge that provide students with skills and knowledge that are beyond the standard curriculum. These extra courses not only enhance a student's competence but also ensure that they would build a well –rounded understanding of numerous topics as they would investigate new things. Add – on course helps a student to improve his/her abilities, understanding of a subject, extend knowledge and advance career prospects. Add – on courses are also mentioned as value added course. Value added courses empower students beyond their domain of study. It raises students' standards above and beyond the level specified in the academic curriculum. Value added Course or Add on courses have played a crucial role in shaping the students mind, behaviour and language proficiency and at the same time enhance their social responsibility, well being of their physical and mental health and above all open up a new dimension in their curriculum, which help their overall development as well as improve their job opportunity.

Courses Offered:-

Jibantala Rokeya Mahavidyalaya offered their students a good number of Add-on course to execute some social sector responsibilities in addition to academics as well as enhance their knowledge and job opportunities.
