POLICY FOR COMMUNITY OUTREACH

Education is the backbone of any nation's development. Spreading educational awareness, information about new technologies, advancements, and promoting the value of education in rural and underprivileged areas is essential. The National Education Policy (NEP) 2020 emphasizes the development of each individual's creative potential.

This new education policy aims to provide all students, irrespective of their place of residence, with a quality education system. It focuses on ensuring that all students from disadvantaged groups, despite inherent obstacles, are given various targeted opportunities to enter and excel in the educational system.

The NEP 2020 highlights the rapid changes in the global education landscape. As per the policy, higher education institutions (HEIs) must conduct outreach on higher education opportunities, develop bridge courses for students from disadvantaged educational backgrounds, and provide socio-emotional and academic support through suitable counselling and mentoring programs.

VISION

Jibantala Rokeya Mahavidyalaya envisions its outreach programs as an initiation into creating awareness among socially disadvantaged students about education, rights, social issues, opportunities, and health and hygiene, in alignment with NEP 2020.

MISSION

Our outreach programs aim to create awareness and promote the value of education among disadvantaged families, children, and teachers in poor remote communities. We strive to highlight the benefits of education, inspiring

these communities to prioritize it. The programs promote the strengths and abilities of youth and disadvantaged families by engaging diverse audiences to spread awareness about health and education, empowering individuals to face challenges with confidence.

WHAT WE INTEND TO DO

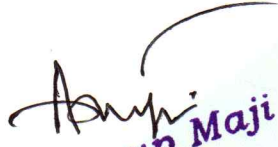

Dissemination of Information: Information regarding the outreach programs will be disseminated through notices and Heads of Departments.

Recognition of Service: The college appreciates the services provided by students and faculty by considering their participation in such activities as on duty.

Community Network: Develop a network with communities through NSS activities, clubs, cells, MoUs, and other social initiatives.

Quality Facilities: The college will provide quality facilities to enable students to participate meaningfully in the college's extension programs.

By aligning our outreach initiatives with the goals of the NEP 2020, we aim to foster an environment where education and awareness lead to the upliftment of underprivileged communities.
