Sub: Invitation for Resource Person for workshop on koha

Respected Sir,
On behalf of Jibantala Rokeya Mahavidyalaya and Dept. of Central Library of IRM, we are honoured to invite you as Resource Person for One Day Workshop On koha which is scheduled on 3rd March, 2023. The goal of this program is to build awareness on implementation of koha library management software for college library and its purposes.

Thank you in advance for your consideration and we are looking forward to hear from you soon.

Thanking you,
Yours sincerely,
Baisakhi Das Kayal

Aims & Objectives

The workshop is intended to equip participants with technical skills for automating their libraries with the following objectives:

- To create awareness about open source technology & its application in library
- To make technically sound so as to automate their library independently without any support
- To enable the users to face the technological challenges such as multi-branch handling, installation etc.
- To elaborate the search techniques and usage of OPAC
- to discuss the pros and cons

Outcome

There were 9 faculty members, 5 students and 4 professional from BLA attended the workshop. The workshop motivated all the participants to create a clear view and usage of the koha customized software and its different modules. The workshop was very informative, interactive and made a good impact.

“One day workshop on koha”

Dated: 03.03.2023

Activity Report

Department of Central Library in collaboration with IQAC of Jibantala Rokeya Mahavidyalaya organized “one day workshop on koha”

Topic: “One day workshop on koha”

Nature: One day workshop

Date: 03.03.2023

Resourse Person: Dr. JoydeepChanda, Librarian, Gurudas College & General Secretary, The Bengal Library Association

Introduction

The workshop was held on 3dr March, 2023, at 12 noon in the seminar hall of Jibantala Rokeya Mahavidyalaya .Smt. Baisakhi Das Kayal, Librarian had introduced the resource person and gave welcome address. Dr. Ram Krishna Mondal, TIC of the college presided over the workshop. The eminent speaker Dr Joydeep Chanda addressed the audience with an extremely insightful audio visual presentation on the above mentioned theme. He efficiently discussed that koha is a Free and Open Source Integrated Library Management System (ILMS) that includes Acquisition, Cataloguing, Circulation, Serials control & Online Public Access Catalogue (OPAC) with many other advanced features. koha supports international library standards and protocols, which ensures interoperability between koha and other software & tools in library services. It supports bibliographic data standards (MARC 21 Format for Bibliographic Data, UNIMARC), authority data standards (MARC 21 Format for Authority Data), the bibliographic data model (FRBRized editions), distributed cataloguing (Z39.50 client & server), protocols to support RFID integration, and seamlessly compliant with Unicode, Web 2.0, REST, ILS-DI etc. The software is fully customisable and includes all modules generally expected in any standard fourth-generation library management system. Professionals, students and faculties of all departments participated actively in the interactive session with the speaker.
